

## An app to learn local cultures and languages.

UniOn! is a free mobile app that helps international students to make the most of their experiences in Poznań.

With **UniOn!**, discovering the Polish culture will be much easier and you'll be incidentally learning a language too. The app will help you become familiar with your new environment while getting to know loads of useful info about the uni, city and the country.

Developed by the teams of the ILOCALAPP project (Incidentally Learning Other Cultures and Languages through an APP)  
Coordination:

Andrea Ceccherelli, University of Bologna, Italy

Partners:

Adam Mickiewicz University, Poznan, Poland;

University of Lapland, Rovaniemi, Finland;

CES-University of Coimbra, Portugal.
